

Held in conjunction with the annual convention of the Piano Technicians Guild (PTG), the **Piano Teacher Seminar** is an opportunity for you to learn from experts in the field of piano technology. Anyone interested in music education is welcome to attend. At the end of the day you will better understand your piano's history, design, and function.

Besides specially designed classes, your day includes an invitation to the opening of the PTG Exhibit Hall with its international

piano display (try them out to see which you like best!) and the PTG Auxiliary Scholarship Recital featuring the college and high school winners of the Kansas Music Teachers National Association piano competition.

The **Piano Teacher Seminar** is scheduled from 9 a.m. to 5 p.m. with a special exhibit hall grand opening from 5:30 to 7:30 p.m. The recital begins at 8:30 p.m.

A qualified activity for the renewal of MTNA professional certification!
